Lessons are entrusted to highly qualified teachers who, through the use of a wide range of materials and techniques, enable students to enhance their linguistic skills in a cheerful and friendly environment.

Supervised by staff who speak the main European and Asian languages, students never run the risk of feeling isolated, and they are also given assistance which includes helping them find accommodation during their stay. Moreover, the school proposes numerous recreational activities which allow students to get to know the Torinese people, the city and its surroundings.

I would be grateful if you could provide CiaoItaly with the name and details of the winner at your earliest convenience.

Yours faithfully

Chiara Avidano  
Director of Studies
